London Believes Junkers Put One Over on Allies

Press Comment In England
Says Militarists Are
In Control.

Say Clemenceau Was Never Fooled by Huns

Believe One of Hohenzollerns Will Be Placed
On Throne Soon.

London, March 15.—London's editorial opinion on the German revolution is indicated by such headlines as "Allies fooled again"; "The old Adam" and "As was to be expected." "While our politicians have been filling us with hot air the Junkers have been bidding us to sit tight." says the Daily Mail. "In dealing with Germans one must always calculate upon bad faith. They set up a 'dud' government to sign the treaty of peace, but when the time comes to carry out the capitulations the Junkers again take charge. Whatever their purpose, our visionary statesmen are ignorant of its nature."

The Morning Post recalls it has always contended the first German revolution with a "sham."

"The French has understood the trick from the beginning," the newspapers declared, "but social democracy chaff completely deceived those two credulous birds, President Wilson and Premier Lloyd George. That very old bird, Premier Clemenceau, was never deceived, but he was overruled. The weakness of the allied forces from the beginning has been that it was dictated by demagogues. The Germans are naturally a national monarchial people and tolerated the late government only because they thought it would be acceptable to Mr. Wilson and Mr. Lloyd George. The allies, under dictation by demagogues, built their peace foundation on the sand. They negotiated with a government which did not represent the real Germany."

One of the Hohenzollerns, in the opinion of this newspaper, will soon be placed upon the throne of Prussia, but whether he will be given the imperial crown will be another question.

The Chronicler says:

"Assurance by the new German government that it will abide by the treaty of Versailles is welcome as far as it goes, but it does not go far. Until the militarists have established themselves at home, they are not likely to challenge trouble abroad. Should their usurpation be confirmed, we may look for very different language. Their enterprise at present is merely an adventure and may collapse almost as suddenly as it began. If it should result in a restoration of the Hohenzollerns the situation could not be tolerated by the allies, for whom it would go far toward undoing the winning of the war."

The Telegraph remarks:

"The situation means at best disastrous delay in restoring stable conditions in Germany and getting the general economic life of Europe into working order. Watchfulness and preparation must be the attitude of the allies at present."

**JAP TROOPS REVOLT
RUSS SOVIETS SAY**

London, March 15.—A revolt has broken out among several units of the Japanese troops in Siberia, according to a wireless dispatch sent out by the Soviet government at Moscow. The soldiers ripped off their shoulder straps and substituted red straps, the dispatch says. *

SELLS LOGAN PLANT.

Columbus, March 15.—The start utility commission today granted the petition of The Logan Natural Gas and Fuel company, approving the sale of its gas plant at Logan.

The Logan company desired to sell the property because of its inability to meet the domestic requirements of its consumers, by reason of depletion in its supply.

YANKEE SAILORS IN TURK CAPITAL HOLD MEMORIAL FOR F. L. JOHNSON

Was Held In High Esteem By American Sailors In Constantinople—Wanted To Organize Relief and Punitive Expedition To Go To Aintab.

American sailors at Constantinople felt keenly the loss of Frank L. Johnson and James Perry, Y. M. C. A. workers who were killed at Aintab, Syria, by Turkish brigands. The week of his death the American Sailors' club in the Turkish capital held a memorial service honoring these two martyrs. The service is described by Elbert C. Stevens, secretary of the club in a letter written Feb. 11, to John R. Mott, general secretary of the international committee. Mr. Stevens' letter says:

"In postscript to our letter of February 10, written by Mr. Bristol, confirming our telegram concerning the loss of James Perry and Frank L. Johnson, I am sure you will be interested in the following:

"Tuesday evening last, the eighth, the usual religious service at the American Sailors' Club had been arranged, the message to be given by the Rev. Dale Murman, a 'duration of war' seaman on the U. S. S. 'Galveston.' In consideration for the terrible news we had just received, the sailors themselves suggested that the meeting be made one of Commemoration. Accordingly Mr. Murman spoke briefly of the news and very feelingly of their debt to Mr. Johnson and Mr. Perry, and of their

SENATE DEFEATS SUBSTITUTES FOR TREATY CLAUSE

Three Proposals Quickly
and Decisively Voted
Down, Paving Way For
Final Vote On Reserva-

tion. Washington, March 15.—Paving the way for a final vote on the reservation to Article 10, the senate today rejected 59 to 17 Senator Frelinghuysen's substitute proposing a summary disavowal of all obligations.

Another substitute by Senator Simmons, Democrat, North Carolina, was rejected 41 to 27. It proposed an obligation for use of America's "friendly offices" to protect nations against external aggression, but disclaimed any liability for use of America's military or economic forces "unless in any particular case congress . . . should so provide."

Without a record vote the senate rejected Senator King's substitute declaring that no obligation would be assumed in advance by the United States but that congress would consider recommendations of the league council to protect territorial integrity of any league member.

The reservation worked out, but not agreed to in the bi-partisan conference was offered by Senator Kirby, Democrat, Arkansas, and was rejected 45 to 31. All the Republicans and Senators Gore, Reed, Shields, Williams and Harrison, Democrats, voting against it.

The senate also promptly rejected, 46 to 30, the substitute reservation drafted by former President Taft, which was offered in the bi-partisan conference by Senator Hitchcock and presented to the senate today by Senator Kirby. The Taft draft disavowed any legal obligation but gave congress power to act under a moral obligation.

ALABAMA MAN TO TAKE ROPER'S PLACE

Washington, March 15.—William Martin Williams of Alabama will succeed Laniel C. Roper as commissioner of internal revenue.

LANNHEIM RADICALS MAY PROCLAIM SOVIET

Paris, March 15.—Independent Socialists and communists met yesterday at Lannheim and decided to take advantage of the present situation in Germany and proclaim a Soviet government according to advice from Basle, the news having reached that city by telephone.

Majority and independent Socialists throughout Germany appear to be uniting against the military movement initiated at Berlin on Saturday, according to a Basle dispatch to L'Information.

Berlin, March 15 (By Wireless to London).—It is reported here that the south German generals and the Saxon troops have given their adherence to Gustave Noske, minister of defense in the Ebert government.

Berlin, March 14.—An unconfirmed report was current shortly before midnight tonight that the new German government had reached an agreement with the Ebert government in order to avert the threatened railway strike.

London, March 15.—The Bavarian government has resigned and the national assembly of that state will be summoned on Tuesday to negotiate concerning the forming of a new cabinet, says a Copenhagen dispatch to the Exchange Telegraph Company, quoting a telegram from Munich.

Copenhagen, March 15.—Telephone communication between this city and Berlin was interrupted at 8 o'clock this morning.

Berlin, March 15.—Count Von Bernstorff, former German ambassador at Washington, is reported to have gone to Stuttgart to negotiate with President Ebert and Premier Bauer of the government which was ousted by the reactionary revolt.

Vienna, March 11.—A telephone message received from Leipzig today reports that fighting had occurred there between troops of the national guard and socialists or communists in which nine were killed.

BERLIN REPORTS 2 Factions Have MADE AGREEMENT

Government Crisis In Ger-
many Is Ended, Message
Says, and New Regime
Will Be Instituted.

Paris, March 15.—A Berlin dispatch received this evening states that an agreement has been reached between Chancellor Kapp of the new government and Gustav Noske, minister of defense in the Ebert government, and that the government crisis in Germany has ended.

A new government for Germany will be constituted under the agreement between the old government and the new, a Havas agency announcement states.

GETS PERMISSION TO TEST PROHIBITION LAW

Washington, March 15.—New Jersey was granted permission today by the supreme court to institute original proceedings to test the validity of the prohibition amendment.

PROPOSES TAX FOR VETERANS

Washington, March 15.—A resolution proposing legislation to "tax into the United States treasury" for the benefit of former service men, surplus war profits held by the Standard Oil Company, the United States Steel Corporation and other companies, or corporations was introduced today by Representative Little, Kansas.

FRENCH TO SEND 3 ARMY CORPS TO RHINE REGION

Marshal Foch Confers With
Allied Commanders
At Mayence.

WILL CALL SUPREME WAR COUNCIL FOR MEETING

Severe Censorship Con-
ceals Real Situation In
German Capital.

Paris, March 15.—France contemplates sending three more army corps to Wiesbaden, Neustadt and Bonn, thus doubling her forces along the Rhine, according to the Petit Parisien. Marshal Foch will call a meeting of the supreme war council as soon as he returns from Mayence, where he will confer today with allied commanders. Reports reaching this city state that every step has been taken to maintain order in occupied districts of Germany and that the inter-allied commission for the Rhenish province has received the German high commissioner after having conferred with allied military leaders.

Information received here would seem to indicate the utmost calm is prevailing in Germany, although the severe censorship in Berlin may be responsible for a lack of detailed news from that city.

Telegraphic communication with Berlin is interrupted, the last telegram from the French chargé d'affaires there having been received at the foreign office in this city at 1 o'clock Sunday morning.

Advices from other sources, however, indicate the reactionary movement began on Saturday morning is confined to Berlin and that mobs are busy looting stores in some quarters of the city.

A general strike affecting transportation, electric power and the water supply of Berlin has been decreed and railroad workers are said to have asked Dr. Wolfgang Kapp, the new chancellor, to leave Berlin.

A general strike affecting all public services also has been called at Kiel, Bremen, Hamburg and Regensburg, while public sentiment in favor of the Ebert government is declared to be increasing in Cologne, Essen, Dusseldorf, Bochum, Duisburg, Spandau and Frankfort. In these cities a general strike is expected today. Bread is said to be already scarce and expensive in Berlin and there are fears the supply may fail completely.

Military forces at Leipzig appear to favor the new regime, while a contrary view of the situation is taken by the people generally, it is reported. At Munich the Bavarian government has handed over control to a general who is in favor of the Ebert government.

FIND BURGLARS IN HOME; THEY ESCAPE

Saturday evening at 8:15 o'clock Mr. and Mrs. F. M. B. Windle returned from Columbus and as Mr. Windle unlocked the door two thieves in the house ran up the stairway. They went through a window which they had left open, stepped onto the kitchen roof and escaped in the darkness.

Police Headquarters were notified and a search of the house disclosed that the thieves had secured two lathes and a woman's gold watch. Mrs. Windle was the only one that saw the men and she could not give a good description of them for she only caught a glimpse of their backs.

ABANDON MEASURES TO ARREST OPPONENTS

Berlin, March 14.—Measures looking to arrests calculated to prevent an uprising against the new regime have been abandoned, according to a statement issued here today, but a communist named Levy is said to be imprisoned. The government is reported to have decided not to exercise control of newspapers, all of which, including the Vorwärts and the Freieheit, will reappear tomorrow.

Prince Joachim Albrecht, who has been confined to Moabit prison since his attack on allied officers at the Hotel ten days ago, has not yet been liberated.

KAISER UNDER GREAT NERVOUS TENSION

Berlin, March 14.—Former Emperor William spent the greater part of today in the garden of Bentinck Castle, where he paced up and down with every evidence of being under great nervous tension. Religious services, which have been held regularly there every Sunday, were omitted to-day.

The strain of the events of the last few days seems to weigh so heavily upon his mind that he cannot tolerate the company of others, and he makes every effort to get out of doors.

WELL KNOWN MILITARY MEN BEHIND REVOLT

London, March 15.—Behind the movement to overthrow the Ebert government of Germany and substitute a conservative ministry stand well known military leaders, including Colonel Bauer, who has the reputation of being the most clever staff officer in the German army, says a Berlin dispatch to the Daily Mail.

These leaders, the dispatch continues, "have been working secretly for months in preparation for their coup. They realized that in his heart the German still thought of the kindly old days gilded as they now are in his recollections by memories of peace and prosperity.

"They knew that on their side would be all former officers, government officials and most of the disciplined among the middle classes, who have suffered worst from Germany's present penury."

An official message filed in Berlin at 6:30 o'clock last night said there was confirmation of the report that the sailors at Kiel and Altona had gone over to the new government.

COAST STEAMER IN DISTRESS.

Wilmington, N. C., March 15.—A wireless picked up here today reported the American steamer Mohawk of the Clyde line, New York to Jacksonville, 24 miles southwest of Cape Lookout, with her engines dead. The cutter Manning of Norfolk is steaming toward the distressed vessel which has aboard 214 passengers and a crew of 44.

GERMAN REVOLT WILL FAIL, FRENCH BELIEVE; LACKS FULL SUPPORT

ONLY MILITARY AND PAN-GERMAN PARTIES
HAVE JOINED NEW GOVERNMENT, AD-
VICES IN PARIS INDICATE.

MAY CONTINUE TO DOMINATE BERLIN AND OTHER CITIES FOR TWO MONTHS

New Government's Request for Recognition By Allies Is Ignored—American Troops Will Not Participate In Any Allied Advance Into Germany.

Paris, March 15.—The latest advices to the French foreign office from Berlin, it was said today, indicated that the revolution in Prussia had thus far been confined to the military and the Pan-German party, and was without other political support. Leaders of the conservative parties and an ardent industrial leader as Dr. Walter Rathenau, president of the German General Electric company, it was declared had condemned the movement.

From all the information thus far received, it was added, the impression in official circles was that the military party might hold possession of Berlin and other important centers and prolong the state of uncertainty for some time, possibly a month or two, but that without the support of other political elements than the Pan-German party the movement was doomed to failure.

ALLIES IGNORE NEW GOVERNMENT.

London, March 15.—One of the first acts of the new government in Berlin was to request recognition from the allied commission in Germany, according to an official British message today. The request was ignored, the commissioners taking the attitude that they would not extend recognition even to the extent of answering the communication.

WILL AWAIT WILSON'S ORDERS.

Washington, March 15.—While technically still under the direction of Marshall Foch, American troops on the Rhine will not participate in any allied advance into Germany without specific directions from President Wilson, it was stated today at the war department.

GERMAN ASSEMBLY CALLED.

Berlin, March 15.—(By Wireless to London)—The German national assembly has been summoned by the Ebert government to meet at Stuttgart tomorrow, Tuesday, March 16.

Berlin advises Sunday night reported that the old German government had established its seat at Stuttgart, the capital of Württemberg.

BAVARIAN MONARCHY RE-ESTABLISHED.

Paris, March 15.—(Havas)—Re-establishment of the Bavarian monarchy has been proclaimed in Munich, according to a telephonic message received in Berlin from the Bavarian capitol and telegraphed to the Temps.

FILLS POSITION VACATED BY DEATH

(Continued from Page 1)
say I never knew a man of more efficient, never-lagging service for others nor one of more genuine humanity.

The men did not know Mr. Perry so well but they credit him with having aided in establishing and maintaining the sailors' work, and those who did know him personally of course thought most highly of him. They have placed our club flag at half-mast, and are making a service flag with two gold stars. And the group they have sent express their deep sympathy to brave Mrs. Perry, as well as Mrs. Johnson and to Association Headquarters for our great double loss to the work.

Incidentally, Johnson was the holder of the French Croix de Guerre with Palm and was recommended for the Distinguished Service Cross, for at least two deeds of bravery in the war in France. In his humble modesty, he forbore from displaying these. Both Perry and Johnson were under heavy fire for considerable period during the war, the former as regimental director of the English-French Army, and the latter as regimental secretary with the Twenty-Sixth American Division and later division secretary with the Eighty-Second."

This letter, together with one from the state department at Washington, was sent to The Advocate by E. O. Jacob of the New York office of the M. C. A. The letter from the state department tells of the identification and burial of Mr. Johnson. The letter says:

"Referring to the case of James Perry and Frank Johnson of the Y. M. C. A. murdered near Aintab, I have the honor to inform you that according to advice conveyed to the Constantinople High Commissioner at Constantinople the bodies of these American citizens were taken to Aintab on the 4th of February and identified. On the 5th they were buried at Aintab in the American Cemetery in the College yard. The French rendering full military honors."

SUB COMMANDER KILLED BY GAS

Naval Officials Believe Chlorine Fumes Are Responsible for Death of Three Navy Men On Pacific Coast.

San Diego, Calif., March 15.—Survivors of the United States submarine which sank last Friday at the entrance to Mandarina Bay, Lower California, with the loss of Lieut. Commander James R. Webb and three members of the crew, are aboard the steamer Mazatlan, due here March 18, according to advice received here today.

In the absence of authentic reports as to the manner in which the four naval men were killed, belief in naval circles here was that they either were asphyxiated by chlorine gas generated when water ran into the submarine's batteries or were carried overboard while attempting to escape the fumes after the H-1 had botched. Wireless messages to Rear Admiral Welles said chlorine gas was spouting from the conning tower of the craft Saturday, 24 hours after she had beached, and that a heavy sea was running.

The destroyers Sinclair, McCawley and Meade are standing by the H-1 and the carrier Woolsey and the fuel ship Neptune are en route to the scene of the accident which is about 650 miles south of San Diego.

It was believed here the H-1 could be saved. Lieutenant Commander Webb was born in South Carolina and was appointed to the naval academy at Annapolis in 1909.

The members of the crew who were killed were H. M. Gilles, M. S. Delamare and Joseph Kaufman.

FINDS STILL IN SAMOLIA'S HOME

Police Raid Wehrle Avenue House Sunday Night and Find Raisin Jack Mash In Barrel.

Police Chief James Sheridan and Patrolmen Swinehart, DeWitt and Adrian, made a raid last evening at 7 o'clock at the home of Joseph Samolia, a foreigner, residing in Serocco avenue, and a search of the house resulted in finding a still in the cellar and a barrel of raisin mash in process of fermentation in a room upstairs in which a fire was burning. A small keg of wine was also discovered. Samolia was locked up and will have a hearing later before Judge F. C. Burton of the municipal court, and if the charges are substantiated he will be turned over to the federal officials at Columbus.

with favor but there are indications the socialist party parties will attempt to bring about total tieup of business today or tomorrow.

Chancellor Kapp has issued manifestos in an attempt to convince the people the government over which he is presiding will insist on establishment of a real democracy in Germany.

Promises that elections will be held as soon as quiet is restored have been given and the people have been informed that maintenance of order and protection of the country's economic life will be the only reasons for taking of drastic steps by the government.

RELATES HOW HE GAINED 10 POUNDS IN TWO WEEKS

Lancaster man suffered from stomach trouble so that nothing agreed with him—appetite failed and couldn't sleep.

KIDNEYS WERE WEAK

Declares after taking Dreco two weeks, his appetite returned, stomach improved, liver got active and pains left his body.

"The change in me is remarkable since I've been taking Dreco. I feel like a different person, and my friends remark on how much better I'm looking," writes Mr. C. O. Duckwall, 705 Pierce Ave., of Lancaster, O.

Mr. Duckwall is well known at the Clift Engineering Works, where he is employed.

"My stomach was in such shape that my food did not digest, but turned to gas and bloated me up. Several times I ate, and I began to get thin and lost weight."

"My kidneys also go out of order and I'd have continual pains in my back, which hurt me to bend over or stoop about. I also had a tight feeling in my chest. The first bottle of Dreco helped me, so I got the second one and after I had been taking this medicine two weeks, I had actually gained ten pounds. My food was digesting with no gas forming, but seemed to give me strength. The pains over my kidneys passed away—also the pains in my chest. Dreco certainly deserves all the praise being given it."

When a person is sick, they certainly have to take medicine to get well, and Dreco is proving every day that it aids a diseased body which relieves gastritis, strengthens the kidneys, clears off the liver, overcomes constipation and takes the pains out of rheumatic joints.

All good druggists sell Dreco and it is highly recommended in this city by Evans' Cut Rate Drug Store.

BEGIN TO PURIFY YOUR WINTER-BLOOD

Grandmother's Old-Fashioned Sulphur and Molasses Diet It.

But Not So Well As This Sulphur Tablet—Sugar Coated.

Through the winter the blood accumulates poisons because you do not perspire enough, because you do not live in the open air, and because you eat more meat, mush and other rich foods. Every spring we feel sluggish, constipated, liver and kidney ill beset us, colds and chronic coughs, pimples, boils and carbuncles, all evidence of impure, thick, sluggish blood.

Sulphur Tablets, not sulphur tablets are composed of extracts of roots and herbs, combined with sulphur and cream of tartar—and no better physic, blood-tonic and blood cleanser has ever been developed. Every spring those who already know their value take them to purify the system of Winter Poisons. Now is the time to begin, so you won't be attacked by serious ailments when Spring and Summer come. OFFENSIVE BREATH CAUSED BY CATARRH

MU-COL Best to Keep Down Odor and Restore Diseased Membranes to Normal.

Doctors all over this country have used and prescribed MU-COL in severe catarrhal conditions of the mucous membranes of nose and throat. In some cases the nose had been stopped up for long periods; crusts had formed and mucus collected in cavities from which it ought normally to have been discharged.

Raw sore throats often resulted; the eyes became weak and watery; the breath foul, while the sense of smell was gradually disappearing.

The MU-COL method of treatment which is extremely easy to apply, quickly shows a decided improvement. All the disagreeable symptoms rapidly disappear. The eyes the nose and throat soon become free and clear because there is no more inflammation and catarrhal germs to cause it.

Don't delay. Get a bottle of MU-COL today and take pity on that Catarrh infested nose and throat.

DENISON WINS TWO VICTORIES

Trip of Basketball Squad To Southwestern Part of State Was Profitable One.

(Special to the Advocate.) Granville, March 15.—Prof. Theodore Johnson of the Denison athletic board, accompanied the Big Red team on the week-end trip to Oxford and Cincinnati and professed himself highly pleased with the result. The game with Miami Friday night was an easy 29-15 victory; that with Cincinnati on Saturday night was a hot contest, and it was something of a proposition to defeat Boyd Chambers men by a score of 26-22. Prof. Johnson says that since Chambers has been directing athletics there, interest in basketball at Cincinnati has received a mighty boost, as was shown by the attendance of 2,000 Saturday night. At least 125 Denison people were present at the game and did some loyal rooting. Prof. Johnson states that by right of conquest, Denison heads the conference list today. With the same number of games and victories, Akron is equal in percentage. But Denison defeated Akron; came nearer to defeating O. S. U. than did any other team in the state, and played altogether a stiffer schedule than did Akron. The latter has one more conference game to play.

The game for "You Never Can Tell," the satirical piece presented by the Masquers Friday and Saturday evenings, included Misses Laura Price, Lois Jones, Josephine Darrow, Ella Howell, Messrs. Theodore Adams, Robert Abernethy, Emerson Burke, George Wolfe, Ford Weber and Vinton Shepard. The Saturday night's performance was even more of a success artistically than was that of Friday night. The capacity audience in Recital Hall was most responsive and the players more sure of themselves. They had caught the spirit of the Shaw philosophy and touched lightly but firmly the "high spots" in the play, each player in turn receiving his or her share of the generous applause. It was the consensus of opinion that the character of the work as portrayed by Robert Abernethy was on the whole, the most difficult, the most artistic and the most consistently maintained in the whole cast.

The Masquers' organization this year consists of: President, John Ehrl; vice president, Dorothy Leslie; secretary, Marjorie Shairer; corresponding secretary, Josephine Darrow; treasurer, Ford Weber; business manager, Alvah M. Shoemaker; property manager, L. E. Smith.

Interest is felt in the plays to be presented in the Newark high school auditorium Thursday evening under the direction of Miss Florence King, to whom attention was called at the Community Federation last week.

Rev. T. F. Chambers occupied the pulpit of the Baptist church for both morning and evening worship, Sunday.

The Granville Chapter of the D. A. R. elected delegates for the four-day convention to be held at the New Southern in Columbus, beginning Tuesday—Mrs. C. Black, regent of the chapter; Mrs. L. A. Austin, Mrs. Ernest Shepardson, Mrs. J. M. Swartz.

The Philathetic club of the Baptist church has postponed its meeting at the home of Miss Ruth Hopkins, to Friday evening at 7 o'clock.

Beta Sigma Pi fraternity entertained at Sunday dinner Mr. and Mrs. S. P. Tresise, Mrs. C. E. Lepp, Mrs. Cora Rose, Miss Gladys Miller of Shepardson college and her mother, Mrs. Miller of Toledo, Miss Clara Olney of Shepardson and Ed Decker of Toledo.

Dr. G. F. McKibbin, retired professor of modern languages in Denison university, is visiting Granville as the house guest of Prof. and Mrs. Theodore Johnson during the coming week. The lecture by C. F. Kettering of Dayton Tuesday evening, is to be held in the Baptist church instead of in Recital hall. Mr. Kettering will talk along his usual lines, namely: Recent scientific developments in oil study and internal combustion engines. He also may give a little account of his European trip last year, and his observation of conditions over there. The speaker comes to Granville on invitation of the Denison Scientific association.

A. S. Hendricks of Dayton and his two daughters Ruth and Mary Elizabeth, and Prof. Herman Beyle were Sunday dinner guests of the Commons club.

BROTHERS TAKE OVER THOMPSON INS. AGCY.

John A. Thompson and his brother, David D. Thompson, have taken over the insurance business of their brother, the late W. C. Thompson, and will continue the same in Room 14, 15 and 16 of the Lansing block. Mr. Thompson for a number of years represented the Mutual Life of New York and had built up a splendid business. John A. Thompson is assistant county surveyor, and the junior member of the new firm has been a student at Denison University. Both are pleasant, agreeable young men and of that class known as hurdlers and no doubt will materially increase the present established business.

UNCLE SAM LEADS.

The United States is still leading the world as an exporter of manufactures. The total value of manufactures exported from this country in the calendar year 1919 was \$3,486,000,000.

This figure of \$3,486,000,000 worth of manufactures exported in 1919, says a statement by the National City Bank of New York, leaves the United States still clearly in the lead as an exporter of manufactures. In the year preceding the war, (1913) our exportation of manufactures amounted to \$1,117,000,000, and in 1919, the first full peace year following the war, three times as much in value in 1919 as in 1913.

This phenomenally large total of manufactures exported in the first full peace year, keeps us, says the bank's statement, at the head of the list of world's exporters of manufactures. Prior to the war the United States ranked third among the list of nations exporting manufactures. Great Britain being first, Germany a close second, and the United States third, with France a close fourth.

With the beginning of the war the outflow of manufactures from the European countries was greatly reduced. Germany, of course, was cut off absolutely from the world markets, and the manufacturers of Great Britain and France found it necessary to turn their attention especially to the requirements of the home market. This left the United States the chief manufacturing country upon which the Allies could call for military supplies, or upon which the non-manufacturing world, Asia, Africa, Oceania, South America and North America outside of the United States, could draw for their daily requirements of manufactures.

As a consequence there came an enormous increase in the exports of manufactures from the United States, which jumped from \$1,117,000,000 in 1913, the last peace year prior to the war, to \$3,486,000,000 in the first peace year following the war. This phenomenal increase in our own exports, coupled with the decline in the exports of our former rivals, has placed us clearly in the lead among the world's exporters of manufactures, for of course, none of our former rivals, except possibly Great Britain, has made any considerable progress in the reestablishment of their exportations of manufactures.

The only country in which the exports of manufactures in 1919 approximate those of the United States, says the bank's statement, is Great Britain, whose official figures show total exports of all domestic products in the full year of based upon the normal valuation of the pound sterling \$3,881,000,000, and of "articles wholly or mainly manufactured" \$3,075,000,000 as against our own total of \$3,486,000,000 of wholly or mainly manufactured articles in the same period.

Of course it is not assumed, says the bank's statement, that the large increase in value of our exports of manufacture in 1919 over that of 1913 means a corresponding increase in quantities sent out of the country, for doubtless the average valuation of the articles exported is fully double that of the pre-war period, but as this condition would also apply in the figures of other countries it seems apparent that the United States still stands at the head of the world's exporters of manufactures, though the rapid gains made by Great Britain in 1919 indicate that a maintenance of our present rank will require close attention to this line of foreign trade by the manufacturers and exporters of the United States.

ADVERTISING.

The day of jazz advertising has gone by, though many highly paid ad writers don't seem to know it. A lot of the national advertising in magazines still seek to win attention by smart funny business, that has little relation to the merit of the goods. That kind of advertising does not persuade the public.

What people want is to get information about things they want to buy.

They want to learn facts, not be amused by smart stories and pictures having nothing to do with goods.

An advertisement should be like market reports. It should add something popular intelligence about the goods.

The ad that gives information about goods, that helps a buyer decide where he can get the best value, is well written. An ad that does not give such information is not well written, no matter how smart and witty it may seem.

The community chest idea is growing in favor. Several of the leading organizations of Newark have endorsed it, and it seems probable that a campaign will be waged this spring to raise a fund from which to meet the city's charity demands for the entire year. A good organization can put over in a single campaign work that ordinarily requires a number of "drives." Why not save time and effort and also distribute the load by having one big campaign for funds?

Billy Ireland, in his inimitable "Passing Show," in the Sunday Dispatch, tells of a woman who visited one of the help-yourself restaurants in Columbus and was a bit peeved because she had to pay thirty-five cents for meal, but she got even by slipping out without cleaning up the dishes. Maybe some day Mr. Ireland will develop a "strip" on the Mutt and Jeff or Jiggs order, and if he does it will be a corker.

It has been moved and seconded that H. C. L. be asked to start upon the return trip. All favoring the motion will vote by the usual sign. The "yes" have it and not a dissenting voice is heard.

General Wood appears to be leading the candidates for the presidential nomination which is to be handed to somebody in Chicago next June, but who can tell what April and May will bring forth?

Judicious use of hose from the fire department upon the streets in the business section would improve the appearance of the town. Don't you think so, Director Wilson?

Roller skates and marbles have arrived, and here and there appears a robin—sure signs of spring, but don't take 'em off yet.

Can't we have one of the old-time spring clean-up here this spring—a day set apart for everybody to clean cellars, yards, streets and alleys?

Now that the groundhog has been vindicated, let spring come without further delay. The gas meters and coal dealers need a rest.

The senators will have plenty of time to explain who killed the peace treaty after they have been retired to private life.

The demand for dwellings in Newark is becoming acute. Newark can't continue to grow unless more houses are provided.

A Columbus man is offering very good looking silk shirts at \$25 each. Why worry? One doesn't have to buy 'em.

Extensive display of tanned hides are made by the Smart Setters who wear the bare back dresses.

Chicago's new daily paper is to publish no news of crime or scandal. It won't have much local news.

Lot of folks willing to save paper by dispensing with the monthly bills sent them by their creditors.

Well, the income tax reports are out of the way at last. Now all we have to do is to remit.

ONE WOMAN'S EXPERIENCE

Of Interest to Expectant Mothers

Goshen, Ind.—"I took Lydia E. Pinkham's Vegetable Compound with good results after I had suffered for some time with female trouble. Some years ago I had twin boys and took your Vegetable Compound before they came—also before my four-year-old boy was born, and afterwards, and think it fine for such cases. I tell others what it did for me and you may publish my testimonial."—Mrs. Gno. A. Foos, 711 S. 9th St., Goshen, Indiana.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once children there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong and this good old fashioned root and herb remedy contains no narcotics or harmful drugs.

KEEP LOOKING YOUNG

It's Easy If You Know Dr. Edwards' Olive Tablets •

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimplies—a hollow look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Chicago Grain Review.
Chicago, March 15.—Corn displayed considerable strength today chiefly owing to reports that eastern roads had been ordered to furnish 300 cars a day to Chicago grain shippers. Opening prices which varied from the same as Saturday's finish to 3-8 lower with May to 1-47 3/4 to 1-48 1-8 and July 1-41 5/8 to 1-42 were followed by a material upturn all around.

Outs paralleled the action of corn. After opening unchanged to 1-2 lower with July 1-4 1/2 cents, the market scored a moderate rally.

Provisions were well with hogs and influenced by news from Germany. It was assumed also that the semi-monthly warehouse report would be bearish.

AMUSEMENTS

AUDITORIUM.

Kitty Gordon Tonight.

Kitty Gordon, the international beauty, who won enviable fame during her recent starring sojourn in the movies, has returned to musical comedy, where she won her first laurels. Miss Gordon entered the movies, because everybody was doing it, and on account of the magnificent monetary emoluments; but principally because musical play was not available at the time, that would permit her to exercise all the talents which nature and hard work have richly endowed her. "Lady Kitty, Inc.", her present musical production which will be seen at the Auditorium tonight, was the inducement that made her return to the stage. It gives the lovely Kitty opportunity to display all her gifted talents in the full flower of their artistic maturity, as her role calls for artistry and acting finesse, to which only a comedienne of the very finest calibre, such as she, could do justice.

In addition, it gives her charming mezzo-soprano, rested and refreshed by her stay in the cinema studios, full sway to range the musical scale.

She also wears some really magnificent creations, one of which, her "Frock Fantasy," her own design, will create a furor among furorists.

Melville Alexander, Miss Gordon's manager, has surrounded her with a splendid Broadway cast, headed by Jack Wilson, the "joy-boy," which includes Fay Marbe, Donald Mac Donald, John Wilmuth, Merkyl, Harry Short, Barrett Carmen, Vera Beresford, Charles Hampden, Helen Clark, and a flock of lovely lissome lasses.

The book is from the facile pen of Edward Paulton, the lyrics are by J. Caesar and Melville Alexander and the

dramatic power has been omitted and "Quo Vadis" is without a doubt one of the greatest pictures of the age.

Kalich, Inheritor of Tragedy.
Kalich, thou of dark and brooding face
Born unto Tragedy by birthright of race.
The sorrows of uncounted years arise
And plead for utterance in thy mournful eyes,
And on thy lips, so poignant sweet
With pain, God's stamp of suffering marks thy calling plain.

So stood Rachel, of thy blood, in her day,
So Bernhardt, of that blood, holds now
And thou, full sister of these mighty two,
The same blood-heritage claimeth as thy due.

Valid thy claim. The centuries' seal is set
Upon its warrant. Tears and blood
Have wet its ancient and its modern counter-signs.

Sorrow unspeakable breathes between
Its lines,
When down to Kishinev's cruel days,
Is told A nation's woe that dates from Egypt old.

To thee descended—Lo, how dread the cry
That rises from thy throat! How tense and high
With strain of agony! Not alone the part
Thou now playest thus doth wring thy heart,

DOROTHY DALTON IN
"THE FLAME OF THE YUKON"
TRIANGLE PLAY

the Auditorium theater Wednesday and in "The Little Shepherd of Kingdom Come," his first Goldwyn Picture.

"Previously," says the youthful star, "I have most often played the part of a very young society chap. I have had to go through the actions of a green-born boy, having his first social fling, and I am always getting into uncomfortable situations and scrapes which make the audience laugh at me as well as myself."

"In this John Fox book "The Little Shepherd of Kingdom Come" I think the entire audience will be in sympathy with the lovable character of the mountaineer boy, Chad. He is a modest, sensitive, yet valiant little figure and his struggles in adapting himself to the smart folk he meets at the home of Major Buford."

This Goldwyn Picture will be shown

ALHAMBRA
Tyrant Fear.

Vital in treatment, filled with stirring situations of sustained suspense and human interest, with a powerful climax, "Tyrant Fear," the new Thomas H. Ince picture starring Dorothy Dalton, is said to be one of the strongest vehicles in which that popular and talented actress ever has appeared.

Miss Dalton portrays the role of a French-Canadian girl, who lived in fear of her father from childhood. He sells her to a brutal trapper who gambles her away to the keeper of a notorious love den, the gold settlements of the far North, where she meets a besotted pianist, who once had seen better days. She shoots the dive-keeper to save herself from his loathsome advances and her fear vanishes magically with the commission of this act, while she regains mastery over her soul.

She escapes to her husband's cabin with the pianist and in a snow drift they find the trapper's body. The pianist, who has learned to love the girl and who is now a man once again, takes her to his heart. The snow and dance hall scenes of "Tyrant Fear," which is to be presented at the Alhambra theater today and tomorrow are said to be remarkable from the standpoint of skilled photography. Miss Dalton is supported excellently by picked cinema players. Bray Pictograph is also seen.

Elsie Ferguson.

Elsie Ferguson, Aircraft star, will be the Alhambra feature for St. Patrick's Day and the day following. She will be screened in a most pleasing photoplay "Under the Greenwood Tree" telling a story that is sure to please the most exacting picture fan.

Added features are promised in connection with this feature by the management.

GRAND.

"Smouldering Embers."

"Smouldering Embers" makes its last appearance at the Grand theater today. Frank Keeney, considered by the best critics of the country to be America's Greatest Character Actor, is starred in this production by his own company personally directed by himself with the assistance of Elliot Howe.

GEM.

"The House of Intrigue," Arthur Stringer, author of the fam-

ous mystery-romance, "The House of Intrigue," which has been dramatized for the screen, is one of the most popular writers of the day. "The House of Intrigue," probably his best known story, first appeared as a serial in the Saturday Evening Post. On account of the excellent material in the story, photo-drama purposes, abounding as it does in mystery, dramatic suspense and heart interest, "The House of Intrigue" was eagerly sought after by producers.

At the Grand tomorrow and Wednesday.

GEM.

William Russell, big, brave, brawny, is the ideal type of man to play the stellar role in "Shod With Fire," the new William Fox picture which will open at the Gem theater today for a two days run.

This story of intense dramatic interest, depicting man's primitive emotions, shows on the screen life in a western mining country, with what is declared to be remarkable attention to detail.

LYRIC.

Harley's "Oh Say Girls Co." which will be the attraction at the Lyric this week is well and favorably known here as this company played to capacity houses here in September. This will be a return date and from all press reports than on their last appearance. There are several new faces since their last engagement here and as the company has broken the house records for attendance the past two weeks it speaks pretty highly for the ability of the performers on this Little Show which will be at the Lyric all this week.

NO MORE CONSTIPATION-- INTERNAL BATHS

Mr. Roger B. Miller of 529 Goethe St., Detroit, Mich., writes to the Tyrrell Hygienic Institute,

"I have never written you of the benefits I obtained from the J. B. L. Cascade."

"It has cured me of a very bad case of Constipation and I still use it weekly or when necessary for my own personal benefit."

The "J. B. L. Cascade" cleanses the lower intestine its entire length and keeps it always free of viscous waste.

Thousands write that Constipation, Headaches, Headaches and all the many serious troubles which they cause are absolutely relieved and prevented by this Nature Treatment.

Hudson Ave. Pharmacy, R. L. Williams, Prop. 322 Hudson Ave., corner Oak St., Newark, Ohio will be glad to show you the "J. B. L. Cascade" explain its simple operation and will give you, free on request, an interesting little book by Dr. Chas. A. Tyrrell of New York, a noted specialist on Internal Pathology for 25 years in that city. Clip this out as a reminder to ask for the booklet at your first opportunity.

GRIM END OF PERFECT DREAM

Living Conditions in Russia Pictured in Dismal Colors by Prof. Zeidler.

DISEASE TAKES HEAVY TOLL

Typhus, Cholera and Influenza Are Rapidly Depleting the Population—Cold, Hunger and Despair Are Lot of the Living.

Helsingfors.—Reports of serious living conditions at Petrograd have been received by Prof. Hermann Zeidler of Viborg, showing that typhus, cholera and influenza are taking a heavy toll of the depleted population.

Up to January 15 deaths in Petrograd were reaching a total of 3,000 a day. The coffin factories could turn out only 1,000 coffins daily, and most of the bodies were being carried into the country on sleds and left in the snow.

Many bodies were being dropped through the ice in the River Neva. Funerals were prohibited owing to the scarcity of horses and because of the depressing effect of funeral processions.

Stagnant Broken Sewers.

"Living conditions are intolerable," Professor Zeidler said. "It costs 30,000 Lenin rubles a day for food alone.

Petrograd at night is without light and there is very little drinking water. Houses are flooded by the bursting of frozen pipes. The sewers are stopped and sanitary conditions are deplorable.

A month ago the number of typhus cases was 300 a day and steadily increasing. Hospital conditions are indescribably bad. There is no bed linen, no medicines, no soap and no disinfectants, the last of the supply of sub-limate having given out January 1, when 35 disinfecting stations were closed.

"The people have given up hope and they do not wish to live. They make grim jokes among themselves as to how much longer they will hold out."

Rich Still Rich; Poor, Poor.

Conditions among the Soviet peasantry, cost of living and scenes at Moscow and the other Soviet centers are given by the staff correspondent of the Amsterdam Handelsblad, G. Nijhuis, just back from an extended tour through Soviet Russia.

"At the railway station in Smolensk," the correspondent writes, "there is a long row of stalls in which people sit behind little barred windows and sell all sorts of merchandise."

I noticed the prices. One pound of salted meat was 320 rubles; a pound of black bread, 100 rubles; a little piece of potato cake, 40 rubles. A little water glass full of marmalade (tobacco root) was 100 rubles.

"On the station platform one sees the soldiers lying about amidst the dirt which covers the ground. They roll their cigarettes with bits of paper torn from newspapers, and wait patiently for what will happen next."

"By the side of a big cash register stands a barmaid selling salted meat, cake and pastry to the smartly dressed men gathered about her. The poor devils lying on the ground do not even notice it, for they know very well that in the new state there are rich men and poor men just as before."

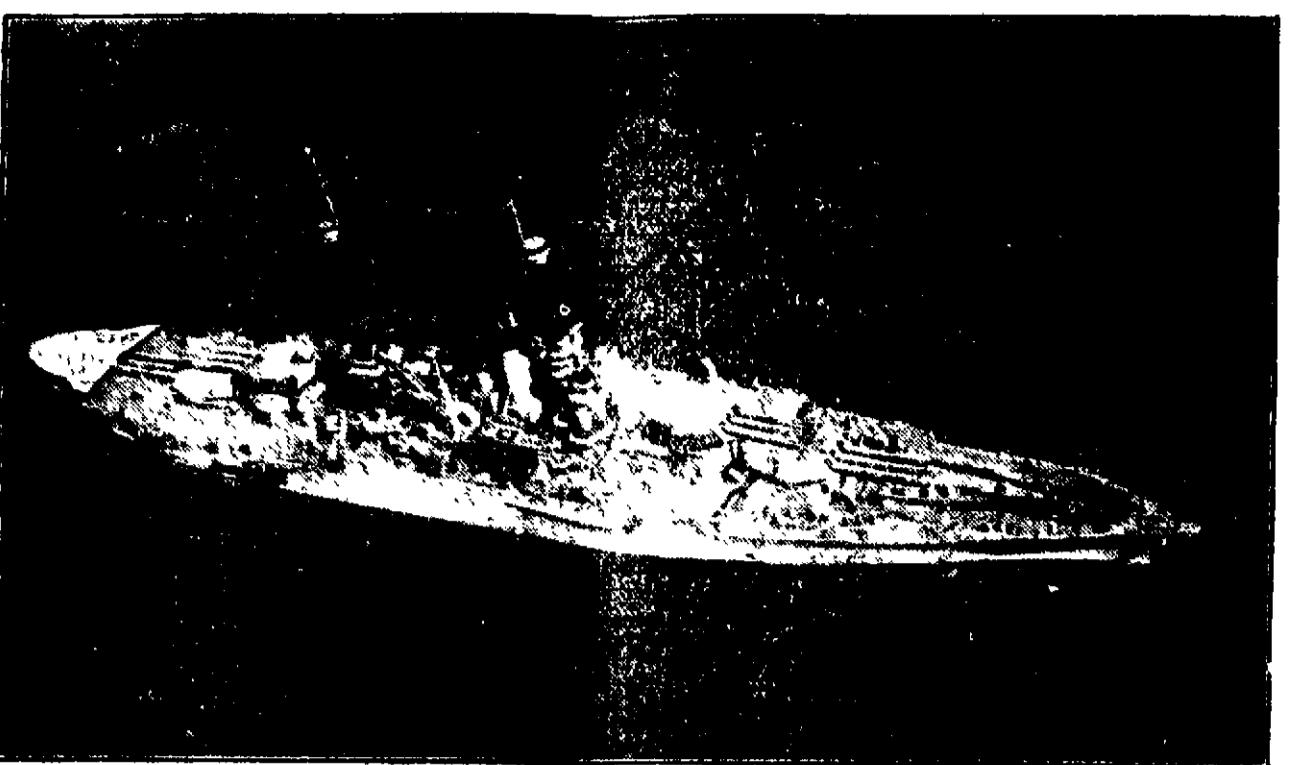

Real Help.

It is the easiest thing in the world to turn a poor fellow off when he comes with a big lump in his heart by saying, "Here's a dollar. Go and have a good time with it." And all the time what he needs is a hand under his elbow and a lift over the road that is stony.

To Restore Faded Ink.

When the ink of old documents has faded and it is desired to restore it, this can be done by washing with any of the substances that blacken on mixing with iron—infusion of nutgalls, sodium-sulphide or acetic ferrocyanide of potassium, for instance.

HIGH WIND BLOWS OVER OIL RIGS

Ten Derricks Toppled Over in New Lexington Vicinity By March Storms—Damage Is Heavy.

The wind in the oil fields surrounding Newark played havoc with the rigs. The Ohio Cities had three blown down, two at Lexington and one in the Greenfield district. Ralph Bros. had five blown down at New Lexington and the Planet Oil Company two in the same district. A number were blown down in Hocking county. The end of the Perry county jail also was blown in.

TRINWAY LOCATES WELLS.

G. W. Guthrie of Zanesville, C. H. Fouts, W. H. Wigdon and W. L. Karns of the Trinway Oil and Gas Company have returned from a trip to Hocking county where they have leases. A new location for the company was made on the Payne farm in the Greenfield district. The party narrowly escaped being caught in the big wind storm which was blown in.

GETS 40-BARREL WELL.

The Charter Oil Company last week drilled in on the No. 153 in the Greenfield district. The well, which is only 400 feet from a dry hole, was good for a natural flow of 40 barrels a day following the shooting.

TO COMPLETE THREE WELLS.

The Ohio Cities Gas Company will have three completions next week. The company meets with no delays. The New Ashcroft No. 1 and the No. 1 F. A. Moore, both in Coshocton county, will be drilled in and the No. 1 C. C. Smith at Killbuck, Holmes county, is due to come in.

"Old Style" Time Still in Use.

It is not only in eastern Europe, under the influences of the Greek church, that the unreformed calendar may be found still in use. Even in England, where Christmas has been kept on December 25 for many generations, the government does not pay the Christmas dividends on the national debt till Twelfth day, and the midsummer dividends are paid not on June 24, but on July 5.

"An all-around good shot—that's us"

—Chesterfield

WHAT we're aiming at, is that it takes both skill and precision to blend tobaccos the Chesterfield way.

Blending, by Chesterfield's method, brings out a new richness of flavor and mellowness of taste that other and less skillful blending methods fail to "discover."

Chesterfields sure do "satisfy"—and not in flavor alone, but in value, in quality, also in their extra wrapping* of moisture-proof, glassine paper that keeps the cigarettes in every package firm and fresh.

Today, ask your dealer for these "satisfy-smokes."

Nerves, Spine, as Neuralgia, Headache, Sheepishness, Dizziness, Nervous Exhaustion, Despondency, Loss of Memory, etc.

Home Treatment for Women

Dr. Weist's treatment for women does not include any humiliation. No operations, and is harmless and can be used privately. Consultation free and confidential.

Diseases of Men

Dr. Weist wants private, heart to heart talk with every man who is weak, nervous, broken down, discouraged, or suffering from any disease caused by ignorance, excess, contagion, incompetent treatment or neglect.

Why Consult Dr. Weist?

He has made regular monthly visits to this community for fifteen years, and has an established practice. His practice is limited to Chronic Diseases, and he has spent practically all his life in the study and treatment of them. His practice consists mainly of long-standing cases who have failed to get satisfaction elsewhere.

Remember

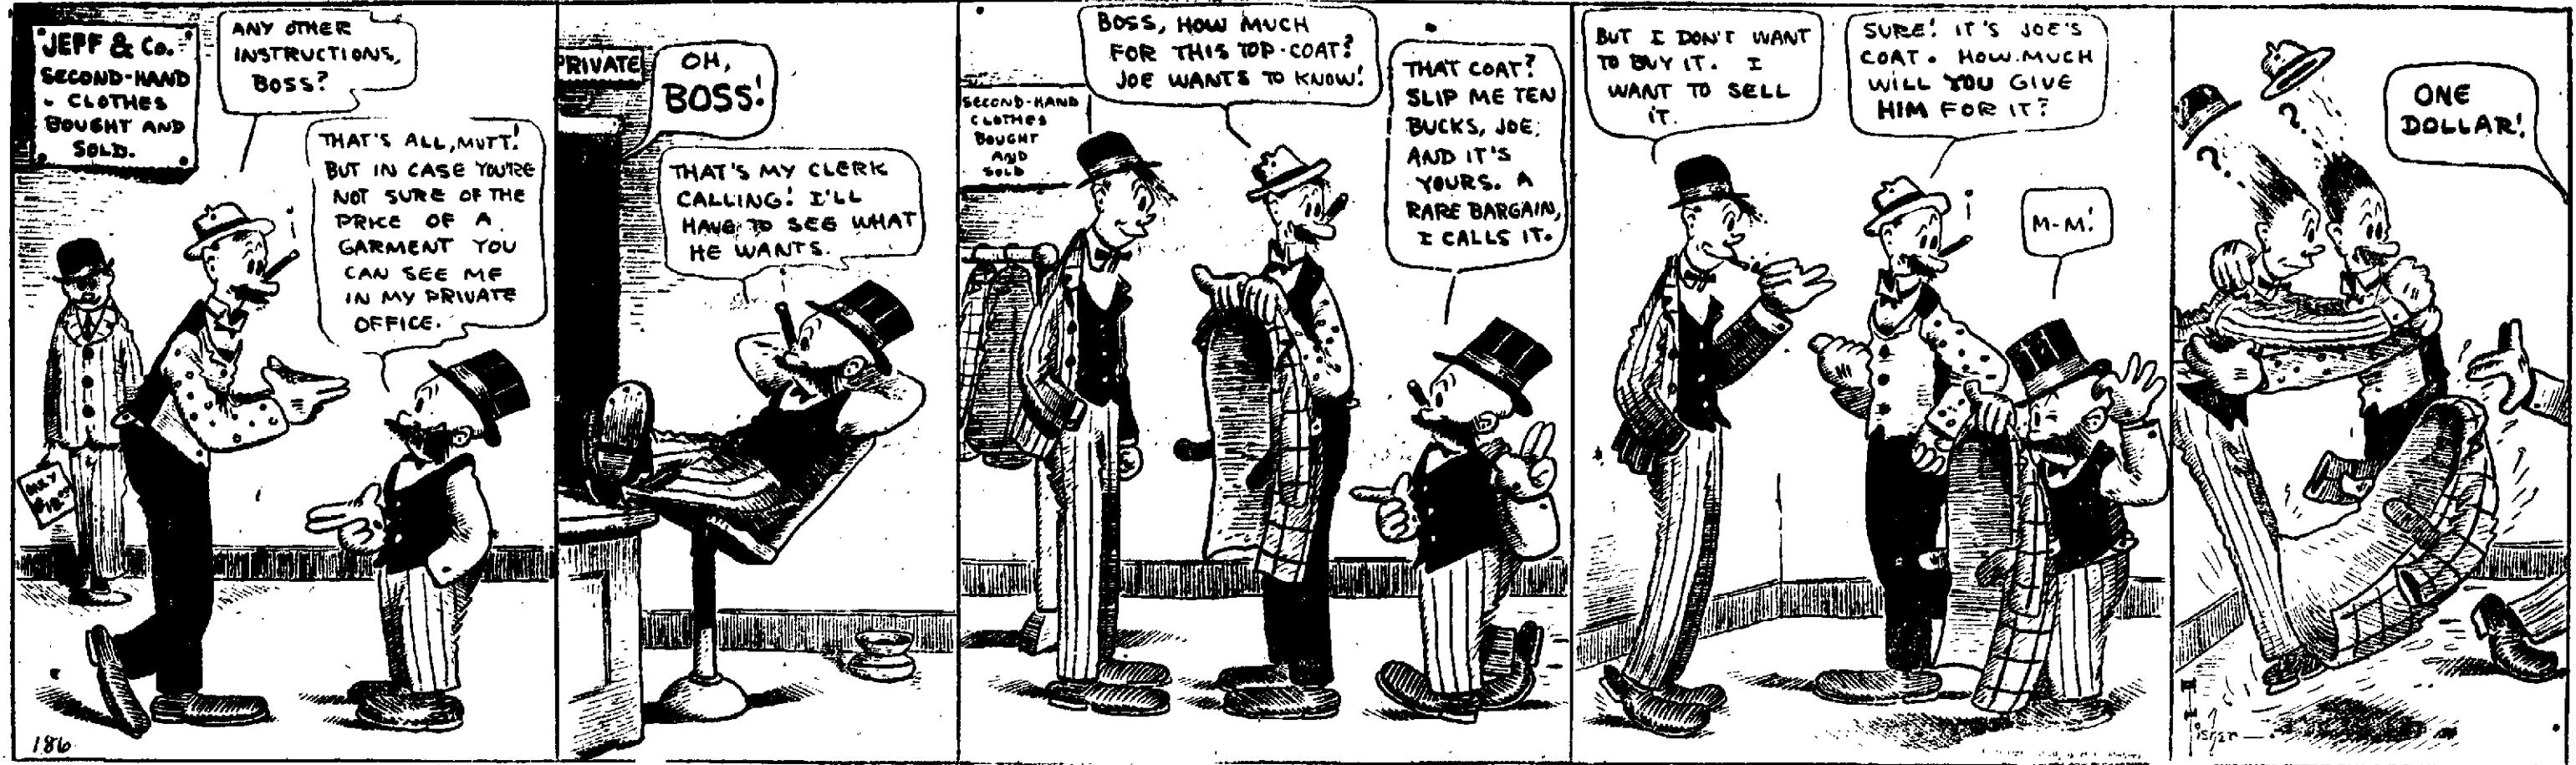

That Dr. Weist invites you to call and consult him and investigate his work and method of treatment and that he charges absolutely nothing for consultation and examination.

It's Time To Prepare For Easter

New Gloves Are Very Important And Should Be Selected At Once

You realize that Easter is only a few Sundays off? Gloves are none too plentiful and long before Easter will find some sizes and colors closed out.

Attractive gloves add the finishing touch to the spring suit or coat, and in order that you may secure just the right glove, we suggest that you select new gloves this week, before the Easter rush is on, and sizes are broken.

We are still fortunate in having the well known "Perrin" French glove in La Mure and Irene qualities—both real French kid **\$3.50** at pair.....

Also Penin's Corona fine French lambskin at **\$2.50**

A SPECIAL LAMBSKIN GLOVE FOR EASTER AT \$2.00 PAIR

Nice quality two-button lambskin—white, black, tan, grey, white stitched in black, black stitched in white.

A REAL-KID GLOVE AT \$2.95 PAIR

Comes in plain white or black and white stitched in black; 2 clasp glove.

THE ENGLISH WALKING GLOVE AT \$2.00 PAIR

Is a washable glove that will make an excellent glove for general wear. One-clasp in shades of mode and tan; self or contrasting stitching.

GAUNTLET AND 8-BUTTON GLOVES

Are in demand this season. These come in black and beautiful shades of grey, brown and mode.

IF IT'S SILK GLOVES

One has a wide range to select from here. It may be a plain two-clasp glove in black, white or shades of grey, mode and brown.

Among the novelties in silk gloves are those with wide cuff, either straight cuff or fancy notched cuff and stitching to match. For instance, mode trimmed in brown, dark grey in white, white in black, gray in white. Silk gloves range in price **\$1.25 to \$2.00**

Spring Suits With Extra Wear In the Extra Pair

FIRST there is the selection of fabrics—the very strongest, hardest and most substantial cloths possible to put into them.

THEN there is the tailoring—every seam silk sewn and taped, every point of strain reinforced with wear-resisting linings, buttons sewed on to stay and every operation made rip-proof.

THEN to "cap the climax" we include an extra pair of full-lined trousers in our "American Boy" Smart Suits for Spring.

PRIVATE INTEREST NOT PROMOTED BY COMMERCIAL BODY

Manager Leach in Church Talk Declares Chamber of Commerce Has New Function To Perform.

That the Chamber of Commerce has a new function to perform and that it is not what it was first used for, an "interest organization," was explained by Manager E. D. Leach of the Chamber when he spoke at the First Baptist church Sunday evening. He said that by "interest organization" he meant it was formerly used to promote the private interest of members.

Mr. Leach explained the modern philosophy of the Chamber of Commerce and work and said:

"For years Chambers of Commerce were interest organizations; that is, they were brought into existence and maintained for the purpose of promoting the interests of a certain class of people; sometimes it was manufacturers and sometimes merchants. But with the increasing complexity of our social organizations, it has come to be realized that there are more important duties for a Chamber of Commerce to perform than that of merely representing certain limited interests."

Leach is engaged in its various activities to represent the demands of the working man. We have bankers' organizations, merchants' associations, manufacturers' organizations. It requires but little experience to realize that none of these organizations always do just what is proper for the benefit of the entire community.

"For many years a conflict has been going on between the employer and the employee. Both sides considered only their own interests. But within the last few years, far-seeing men have come to realize that neither labor nor capital have any just demands which are incompatible with the interests of society. As an illustration, we were told by leaders in certain industries that immigration must not be restricted because cheap labor was necessary in order to maintain their industries and that this cheap labor could only be obtained by immigration. This attitude was taken in spite of the fact that cheap labor which was considered so essential to prosperity became so numerous that it threatened not only prosperity of industry, but the peace of the entire nation.

Then the industrial leaders awoke to a realization that cheap labor might not be as desirable as good labor. Wise labor leaders are also coming to realize that when the demands of labor are in conflict with the interests of the community and society at large, that these demands must be altered for the good of labor itself or the inevitable reaction.

The Color Day exercises this year will commemorate the 50th anniversary of the founding of Wooster."

DOCTOR SAYS TOBACCO CAUSES HARDENING ARTERIES

Tobacco causes hardening of the arteries, says Dr. Conner, and along about forty when a man should be at his best, the excessive tobacco user finds himself with high blood pressure, headaches, indigestion and a host of other troubles. Ask your doctor and tell him this is true. If you want to quit tobacco entirely or cut down the excess, get a package of Nicotol tablets from your druggist and you will find it easy. Nicotol kills the craving and makes the tobacco habit quit you. It is sold under a steel-bound money-back guarantee by all druggists.

Note—Ask your druggist what others say about the wonderful power of Nicotol to break the tobacco habit. He knows and can be trusted to tell you the full truth.—Advt.

NEWARK'S BIG STORE

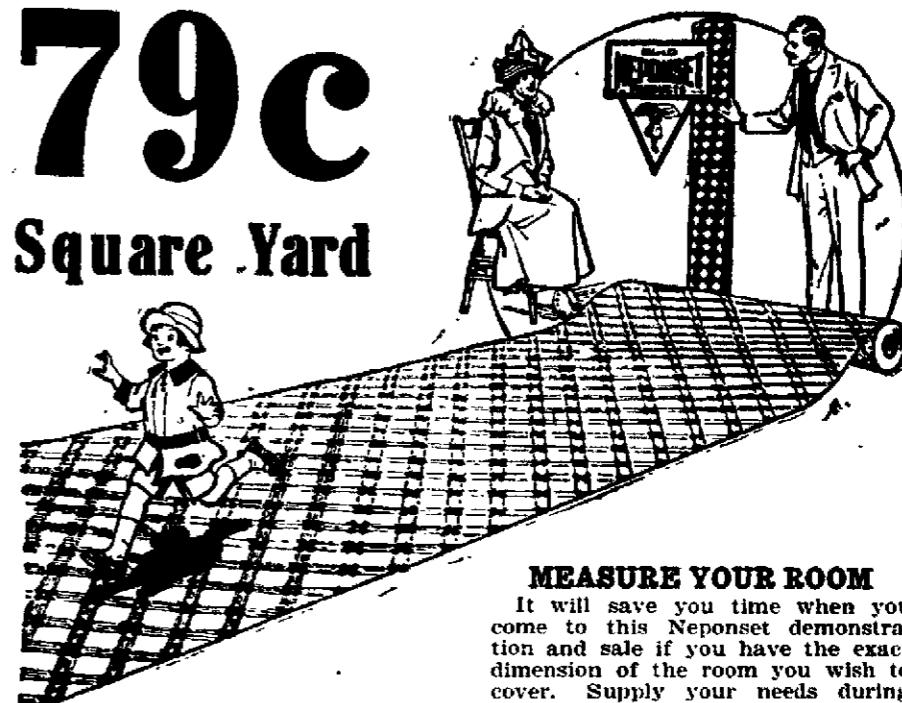

A Sale and Demonstration of

NEPONSET

FLOOR COVERINGS ALL THIS WEEK

SPECIALLY PRICED FOR THIS SALE AT ONLY

79¢
Square Yard

MEASURE YOUR ROOM

It will save you time when you come to this Neponset demonstration and sale if you have the exact dimension of the room you wish to cover. Supply your needs during this special sale and save money.

Neponset is manufactured by Bird & Son, of East Walpole, Mass. A firm which has been in business over one hundred years. A special factory representative will demonstrate this wonderful floor covering at our store during this sale.

The base of Neponset floor covering is a thick, tough, solid felt, which has been thoroughly waterproofed. It is waterproofed from top to bottom. This makes an ideal substance to walk on, on account of its resiliency.

In durability and appearance it excels the best printed linoleum. It has these advantages: IT LIES FLAT ON THE FLOOR WITHOUT TACKING; IT EDGES WILL NOT CURL; IT IS ROT-PROOF AND 100% WATERPROOF.

Come and see this demonstration of Neponset—walk on it, see how water does not affect it, notice its wonderful wearing quality.

WATCH THE FAMOUS SIDEWALK TEST !!

We are proving Neponset's wonderful durability by the severest test imaginable. Out in front of our store is a piece of Neponset floor covering—cut from one of the rolls of our regular stock. Thousands are scuffing over it and pounding their heels into it. It will stay there all this week through sunshine and rain. Examine it! After thousands have walked on it, notice how surprisingly bright and fresh-looking it is.

This is the FAMOUS TEST that proves NEPONSET is the wonderfully strong, durable and long wearing floor covering its makers claim it to be.
